## **Annual Accounts**

I am delighted to present the Without Walls annual accounts for the year ending on 31 March 2022.

Without Walls is built on an ethos of partnership and a shared belief in the vitality of the outdoors as a space for the creation and presentation of

ambitious artistic work. The network of Without Walls' festivals reaches across the country, with the work we support seen by tens of thousands in city squares, town centres, high streets, parks and other outdoor locations.

We have been a National Portfolio Organisation (NPO) of Arts Council England since 2018. This investment is a tribute to the outdoor sector and a recognition of the growth in our activity since our formation in 2007.

Artistic decision-making continues to be the collective responsibility of the core partners, known as the Artistic Directorate. In the period covered by these accounts, Without Walls presented its largest ever programme of commissions, as well as delivering an ambitious programme of strategic work – an investment in research, training and development that is helping to build a more diverse, accessible, resilient and creative outdoor arts sector in the UK.

We are committed to sharing details of our financial performance with the sector. In the previous three years we have published a full annual report, containing our annual accounts and highlighting the scale and impact of our activities.

We will soon be completing our fifth year as an NPO and will be taking this opportunity to publish a full review of our impact and financial performance since 2018. This will be available in the autumn of 2023. In advance this, our accounts for our fourth year as an NPO are presented here.

The period covered by these accounts saw the return of outdoor arts events, following the devastating impact of the Covid-19 pandemic during the previous year. The majority of Without Walls's partner festivals were able to go ahead again, as artists and audiences adapted to new delivery models and our financial

performance went according to plans agreed at the start of the financial year. When compared to the prior year, a reduction in artist support expenditure and research and development expenditure is seen. However, this is due to the impact of Covid-19 on the timing of payments in the previous two years, rather than a material reduction in our support of artists 2021-22.

In 2021-22, we were proud to:

- Present 21 new shows at festivals in our Artistic Directorate Network
- Support a further 22 shows to tour to festivals in our Touring Network Partnership, many of whom are based in areas of low cultural engagement
- Support 10 early stage creative projects through our Blueprint R&D scheme
- Deliver the second edition of our Discover training programme for global majority and Deaf, disabled, learning disabled and neurodivergent artists and creatives, supporting 16 artists, producers and directors from across various art forms, scale and genres
- Deliver a residential Green Production Lab on environmental responsibility in outdoor art, attended by 17 artists and creatives
- Support 15 of our partners to deliver 119 audience development projects, which included arts award activities for children and young people, community events, live broadcasting and access initiatives
- Support 22 digital broadcasts of Without Walls shows, seen by over 28,000 people

We would like to thank all our artists, network partners and Arts Council England for their support during the 12 months between April 2021 and March 2022. None of the activity covered in this set of accounts would be possible without them.

Josephine Burns Chair of Without Walls
